

Help us buy a Food Truck Easier to Manage

Gerardo & Teresa Flores are active participants in the New Sanctuary Movement. Also, they are members of Visitation BVM parish. I have known them for ten years. I know the quality of their commitment to justice and faith in God. I also know how hard they work. I hope you can help this beloved couple.

Paul Witte,
St. Vincent de Paul Parish

AN APPEAL IN THEIR OWN WORDS

Help us achieve our dream of purchasing a food cart with an integrated motor to facilitate our work and survival. We are parents, grandparents, community leaders, and owners of our own business. For years we survived selling tamales in South Philadelphia and transported ourselves on the 47 bus. As time passed, we achieved our dream of buying a small food cart and build our small business [La Mixtequita Poblana](#). We celebrated this great achievement with a blessing from our parish priest and our friends. Every day we get up early to go to work selling our food and as time goes by we find it more difficult to tow it back home twice a day every day. Our business is our economic survival. The cost is too high for us to get it up and ready. The full cost to fully equip it \$ 35,000. We have taken out some loans and have been able to get \$ 20,000 but we still need \$ 15,000 and that is why we are turning to the community for support. Please support us with any donation you can. Once we get established we will have an event for you to come and taste our food as a thank you for your support!

With expansion we plan to create jobs and as always continue to use our food stand to share our culture through our food and hospitality as well as to educate the community about their rights, connect them with resources and continue to participate as community leaders within the migrant movement!

Thank you in advance. Teresa and Gerardo Flores!

Please support them through the GoFundMe link below:
